

My Child is happy and has settled into St Bede's during this first half term.

Strongly agree Agree Don't know Disagree Strongly disagree

I enjoyed the Year 7 Welcome Mass and this was a good way of celebrating my child's start to St Bede's.

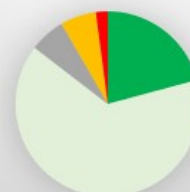

Strongly agree Agree Don't know Disagree Strongly disagree

I would welcome other opportunities for parents and families to take part in the Liturgical and Prayer Life of St Bede's throughout the year.

Strongly agree Agree Don't know Disagree Strongly disagree

I would like on-going information about the Catholic Life and Chaplaincy provision at St Bede's.

Parent comments:

"It is important to celebrate as a 'family', together in the Catholic faith - this enriches the school, and provides a strong moral code. Well done St. Bede's".

"As a family we really enjoyed attending the welcome mass.. thank you".

"Lovely service, great to feel welcomed into the school community".

"The mass was lovely and a lovely way for us to feel part of St Bede's as a family. The transition to high school is a big one for both children and parents and it can feel a huge gap as a parent to no longer feel part of my child's school day. This is just part of them gaining independence and is welcome but things like the welcome mass allow us a glimpse into his life at St Bede's".

"Mass was good, nice to meet staff and Father Brian".

"Thank you for a lovely evening at the welcome Mass. Thank you for all the staff at St Bedes who have done a great job with year 7 transition to high school. We have been really impressed. Our daughter feels safe and happy at school and is loving being part of the social justice club. Miss Donlan in particular has been wonderful with my child and has inspired her to support causes".
